To suit your budget

We are devoted to a floor plan design that is as unique as you.

We are passionate about providing you with an abundance of options and support while creating a beautiful home that reflects your personality and tastes.

With honest advice from our interior design specialists, you'll have the freedom to style how you want to live. We will discuss everything from colours and lighting to flooring, individual flair and more so that together we can shape your space.

Finishing touches

Realise your dream home without restraint.

The benefit of our special partnerships with builders and suppliers is that your project will have a fixed price – guaranteed.

Our consultants work directly with both the builder and suppliers, side by side, ensuring your beautiful brand new home is achieved within a realistic budget and time frame.
